Intra Aerosol

Did you know that free airways reduce stress and support health?

INTRA AEROSOL: RESPIRATORY RELIEF: REFRESH, REDUCE, RECOVER

The respiratory system is fragile and essential to the animal's performance. Many factors and common diseases can affect the respiratory system of poultry and are a major cause of mortality and economic losses.

Intra Aerosol eases the breathing and promotes oxygen intake thereby reducing respiratory distress.

5 REASONS TO CHOOSE INTRA AEROSOL

- Relieves breathing which alleviates respiratory problems
- Has a cooling effect which helps poultry to cope with heat stress
- Reduce risk of negative post vaccination reactions
- Based on essential oils from natural origins
- Can be used in various ways: via drinking water, spraying or fogging

A healthy respiratory system can eliminate **80%** of germs inhaled within 1-3 hours

EUCALYPTUS OIL has antimicrobial, antioxidant and immunostimulating properties

Chronic heat stress can reduce feed efficiency by **25%** and body weight by **32%**

BASED ON NATURAL PLANT EXTRACTS

Intra Aerosol is a drinking water based supplement within our **Intra Nutrients Programme**. Benefits of this programme includes precision nutrition and continuous supplement intake via drinking water and ease of use via flexibility of dosing.

Intra Aerosol

COMPOSITION

EUCALYPTUS OIL
- ✓ Anti inflammatory
- ✓ Anti microbial and viral
- ✓ Helps mucus discharge

MENTHOL CRYSTAL
- ✓ Cooling / soothing effect
- ✓ Thins thick mucus

PEPPERMINT OIL
- ✓ Anti inflammatory
- ✓ Cooling / soothing effect

THE 3R'S

REFRESH
- ✓ Softens soareness/swollen airways
- ✓ Cooling effect

REDUCE
- ✓ Thick, sticky slime formation
- ✓ Infection pressure

RECOVER
- ✓ Easier discharge of mucus
- ✓ Stimulate feed intake

HEALTHY	INFECTED

INSTRUCTIONS

DRINKING WATER
100-200 ml
per 1,000 liters

AERIAL SPRAYING
200 ml
per 10 liters

FLEXIBLE DOSING

Easy blending combinations to tackle multiple issues

Intra Aqua Acid Mineral 1.000 ppm

Intra Calferol 1.000 ppm

Intra Hydrocare 150 ppm

Intra Aerosol 150 ppm
